October 2017 Issue

Special Meeting Called by Governor, Leonard Frady to discuss and vote separately on each of the following items. These items will be the only things discussed in this called meeting.

DATE – Monday October 2nd – Time 7:30 – Sign in Sheet and membership card required. Endowment Fund will be collected and submitted.

All funds for the following items were spent out of the General Fund with NO Loan required for completed projects or needed to complete the remaining projects. Special Dispensation is required by calling a Special Meeting for projects over \$5000. Bank Balance Funds are reported at each membership meeting along with receipts. Bank Balance and Receipts will be available at the called Special Meeting. With a Lodge our size and the current economy, we will have to do these a lot as it doesn't take long to spend over the dispensation limit.

- 1- Approve the funds spent for the construction of the new Horseshoe Pits on the mountain land above the houseboat area. The funds went over the original beginning budget and was over \$5000. That requires a special called meeting to continue moving forward. Receipts will be presented to membership as well as the minutes of membership meetings over the past 18 months to the Project Completion.
- 2- Call to spend over \$5000. This amount was to get back open when the power was knocked out by a delivery truck – (Reported at September 4th membership meeting, with the announcement that Moose Riders raised close to \$5400. And other committees and members pulled in \$2300 for Kids Christmas Fund) – Project Completed. Insurance settlement with the company is currently in the works.
- 3- Double Wide Unit – working project thru the summer, spent over \$5000. Being approved in segments over the past 7 months at multi membership meetings, still have roughly \$ 6500 to complete and have up to McDowell County building code. – Project 90% complete
- 4- Sealing and Paving Repairs on Parking Lot area - \$4800 to crack fill and \$2600 to seal tennis court area. Both include re-stripping also. Like to complete prior to winter weather coming soon. (Discussed and approved prior at membership meeting. – Project 0% complete.

Make sure to always carry your membership card on Lodge Property and NEVER let someone else use your membership card!
